

WACA-table

Carolien Wegman

West Africa Coastal Areas Management Program (WACA)

- ‘Support the strengthening of resilience of coastal communities and assets in African countries particularly vulnerable to erosion, flooding and pollution’
- Managed by World Bank
- Currently engaged in Mauritania, Senegal, Gambia, Guinea-Bissau, Guinea, Côte D’Ivoire, Ghana, Togo, Benin and Nigeria

building with nature

WACA & EcoShape

- Netherlands knowledge partner on Nature Based Solutions
- NWP is involved – signed a Memorandum of Understanding with WACA
- NWP will create a knowledgehub on NBS for WACA, possibly together with EcoShape
- EcoShape partners have the knowledge and experience to make a substantial contribution to WACA

Status

- Several conversations WACA, IUCN, NWP and University of Cape Coast (Africa Centre of Excellence in Coastal Resilience, ACECoR)
- EcoShape – current partners HKV, Witteveen+Bos, van Oord, Boskalis & Wetlands International
